3 Listen and read. What is the text about? Choose.

A How music affects all living things. B How music can improve milk and wheat production.

We All Love Music!

Music has the power to make us feel lively, depressed, relaxed or happy. Research into the effect music has on living things gives us some surprising results.

So, how does music affect young people? Teenagers who listened to lively, upbeat music when they did homework were in a better mood, so their marks improved! Classical music at school helped school children relax and concentrate more on their work. And that's not all! Teenagers who took music classes were more sociable and creative, not to mention better at Maths. That's a great reason to start learning to play a musical instrument, don't you think?

Does it surprise you that animals like music, too? Researchers discovered that horses moved in time to the rhythm of the music they listened to. That's almost like dancing! And dogs slept more and barked less when they listened to classical music, but heavy metal music made them bark a lot and even shake! Heavy metal fans, be careful! And did you know that cows produce more milk when they listen to classical music? Ah, music, wonderful moo-sic!

What about plants? They're living things, too! Researchers found that playing classical music in a rice field made the rice grow faster. The wheat in some wheat fields in Canada seemed to like violin music - farmers produced over 60% more wheat than usual. That's amazing!

VIDEO GAMES

Hey, everyone! It's my birthday today and my parents bought me the latest role-playing game. It features my favourite video game character. His name's Link and he looks like an elf. In the game, a princess is in danger so Link has to rescue her. Along the way, he fights monsters and collects magic items. Link doesn't talk a lot or have special powers, but I think he's great because he's clever and brave. Tell me about your favourite video game character.

Posted by: Finlay, 17, 3/7, 12:12

Happy birthday, Finlay! I like Link, too, but I'm crazy about a character in a platform game. Sonic is a spiky blue hedgehog and he can run really fast! In the game, he has to collect gold rings. There are lots of traps in his way so he has to jump over them. Sonic can spin around to get extra speed, but he never gets dizzy! The thing I like best about him is that he never gives up. Sonic's always ready to try again and run even faster next time.

Posted by: SallyB, 16, 3/7, 12:53

1 Do you play video/mobile games? Where do you play them: on a games console? on a computer/laptop? on a smartphone/tablet? Tell your partner.

2 Look at the pictures. Do you know who these characters are? What special characteristics does each one have? Listen and read to find out.

3 Read again and decide whether each sentence (1-6) is about Link or Sonic. Write L (Link) or S (Sonic).

2 helps someone important.	<input type="checkbox"/>	5 is famous for moving fast.	<input type="checkbox"/>

4 Compare the two characters in the text in Ex. 3. Which character seems more fun to you? Why?

5 Listen and repeat.

6 Talk about the types of games in Ex. 5, as in the example.

A: Do you like strategy games?
B: No, I don't. I think they're difficult/boring/easy.
A: How about sports games?
B: I'm crazy about them. They're fun/cool/interesting.

1 Watch the video. Who is Lizzie's brother, Pete or Juan?

2 Read through the text quickly. How does Alice recommend the film?

#Alice's BLOG HOME PHOTOS

Instant Family is on TV this weekend. I love this film!

It's about Lizzie, a beautiful 15-year-old girl with short, straight, brown hair. She's got a 10-year-old brother, Juan, and a 6-year-old sister, Lita. Lita is my favourite. She's cute and funny!

Pete and Ellie Wagner are married, but they haven't got any children. Soon, the five of them are one big family - but life isn't easy! They've got a lot of problems. *Instant Family* is about how love can fix them. Don't miss it!

WHAT IS A GOOD FRIEND LIKE?

1 Watch the video and match the characters (1-3) to the films (A-C).

1 Auggie A Skate Kitchen
2 Camille B Lady Bird

FRIENDSHIP.

Auggie Pullman isn't like other boys. He has got a problem and his face is different from other people's. At school, some kids are sorry for him, some are afraid of him and some are unkind to him. But he has got his friends, Jack and Summer. They are always there for him. With Jack and Summer by his side, Auggie can do anything!

Skate Kitchen is about Camille, a teenager from New York City. Camille hasn't got a lot of friends, but she can skateboard - and she's really good at it! Camille is soon part of a group of skateboard girls: Janey, Kurt, Ruby, Indigo, Eliza and Quinn. They are all very different, but their friendship is strong and can help them through difficult times.

Lady Bird's real name is Christine. She's 17 and she's got big ideas about her future. She hasn't got a good relationship with her mum, and she isn't always nice to her best friend, Julie. For Lady Bird, everything is about the school play, college and students ... or is it? Lady Bird has got a lot of lessons to learn, and one of them is that her mum and Julie are actually the two most important people in her life.

A Hidden World of Wonders

The Wieliczka Salt Mine near Kraków is one of Poland's most famous attractions. It is visited by 1.2 million people every year!

The mine was first opened in the 13th century. Today it is a museum. Visitors can see how salt was mined long ago. Miners dug it out by hand and then carried it along mine shafts and up to the surface. After 1620, horses were used to carry the salt out. Visitors can now admire huge chambers, green underground lakes and 250 kilometres of tunnels and caves. These are decorated with natural salt crystals in strange shapes. There are also many interesting statues the miners carved out of rock salt. Even the beautiful lights that hang from the high ceiling in the main chamber are made out of salt crystals!

According to an ancient legend, a Hungarian princess called Kinga was travelling from Hungary to Poland. On her way, she threw her ring into a salt mine at Marmaros! Later, when she visited Wieliczka, her servants were told to dig a well. Instead of water, salt was found – and hidden in the first lump was Kinga's ring!

Even if you don't believe this story, you will be amazed by the mine's unforgettable sights. If you ever go to Kraków, don't miss the chance to visit it.

UPPER-INTERMEDIATE TO ADVANCED LEVEL
VIRGINIA EVANS – JENNY DOOLEY

Pathways to Literature is an innovative course that aims to develop the English language through the medium of literature, ideal for B2+/C1 CEFR level students at specialized secondary schools, colleges and universities. For the first time, literature is presented through reading, listening and visualisation using captivating videos and printed resources. The well-organised syllabus, rich visuals, videos and carefully-designed tasks develop all four language skills needed by learners to master the English language. The course encourages critical thinking and teaches social and moral values while preserving the cultural heritage of English-speaking countries.

- ▶ The English language is taught through the single theme of the study of the canonical works of English Literature written in different time periods.
- ▶ It has a multi-media approach, with an inventive combination of video, audio and print resources.
- ▶ The special emphasis put on recognition and analysis of various literary devices helps students appreciate the emotional power, beauty and breadth of the English language.
- ▶ Extensive analysis of the title, characters, themes, setting, values, motifs, symbols, metre, rhythm, summary skills and essay writing provide a helpline to achieve mastery in the English language.
- ▶ It embraces holistic learning by exploiting tightly interwoven concepts together. Students read, listen, watch, speak and write on the same topic.
- ▶ Its cross-cultural approach allows students to experience the cultures and beliefs from various parts of the English-speaking world and raise their intellectual standards.
- ▶ Analyse sections enhance students' thinking skills.
- ▶ The listening tasks come in the form of university-style tutorials and lectures, giving students a taste of this style of teaching.
- ▶ Its flexible design allows it to be used either in the classroom or as a course of self-study.

Past simple vs Past continuous

Use

We use the past simple for

- an action which was completed at a stated or implied time in the past. (They bought a new house last week. When? Last week.)
- actions that happened immediately one after the other in the past. (She woke up, had his breakfast and got ready for work.)
- past habits. In this case we use adverbs of frequency (always, often, usually, etc.). (Charles Dickens wrote many children's books. Charles Dickens is dead.)
- people who are no longer alive. (Charles Dickens wrote many children's books. Charles Dickens is dead.)

Time words used with the past simple: ago, yesterday, last month/week, in 1998, etc.

We use the past continuous for

- an action which was in progress at a stated time in the past. We do not know when the action started or finished. At 2 o'clock this afternoon, they were having lunch at an outdoor cafe. (We do not know when they started or when they finished.)
- two or more actions which were happening at the same time in the past. (She was drinking coffee while her husband was reading the newspaper.)
- a past action which was in progress when another action interrupted it. (He was waiting to work when he met a friend in the street. (was waiting – action in progress, met – action which interrupted the action in progress))
- to give the background information in a story. (The robot was blowing and the sun was shining. It was a perfect day for wind surfing.)

Time words used with the past continuous: while, when, as, all day/night/throughout, all day yesterday, etc.

13 Look at the pictures (A-F) on p. 42 and underline all the verbs.

a) Identify in which tense each verb is. Which use of these tenses does each verb show?

b) How do we form these tenses in the affirmative, interrogative and negative?

The Art of Writing

JENNY DOOLEY

The Art of Writing is a series of three books that aims to develop the skills necessary for effective writing at advanced levels.

Each book presents and analyses the most commonly used genres at CEFR levels B2, C1 and C2, and most international exam boards, divided in sections.

Each section starts with a warm-up activity to introduce learners to the concepts of each writing genre (such as emails/letters, stories, essays, letters to the editor, articles, reports, proposals, reviews, etc) followed by an introduction that presents all the key elements that characterise them. The units that follow, two pages each, contain rubric and model analyses of specific writing tasks as well as Useful notes and tasks that aim to improve learners' writing skills. Each unit ends with a plan that learners can follow when preparing their own pieces of writing.

At the end of each section there is a Reflection and Evaluation page that aims to help learners develop self-awareness. Learners reflect on what they have learnt, such as necessary elements to be included in their writing pieces, how they fit together coherently, and if language has been used appropriately in order to evaluate their progress and identify their strengths and weaknesses, as well as those of their classmates'.

The Introduction for the Teacher explains how teachers can assess learners' writing pieces and how to provide feedback sessions so that problems can be explained and corrected together with the learner (formative assessment).

Storytime – Christmastime

The **Storytime** and **Christmastime** series have been designed to supplement all courses and motivate learners to explore English as a foreign language. Both series enhance receptive skills through reading and listening, but also gradually introduce the development of productive skills through the accompanying activities and the production of each story as a play (optional).

The stories present a great variety of classic and original tales, all of which have something more to teach than the language itself.

The Teacher's Edition includes the directions for the staging of each story as a play, tips on how to make the props and costumes, as well as drama activities which can be used to prepare learners for the wonderful world of drama.

Short Tales

This six-level series contains six short beautifully illustrated stories per level. The stories invite learners to think about life, feelings and the values they will need to navigate the world. Each story is developed in seven two-page spreads with pre-reading and post-reading questions as well as a picture dictionary and activities to consolidate the core vocabulary and language structures presented. At the end of the activities section is a CLIL activity and a CRAFT lesson relating to the story, a Word List, a list of key structures as well as the number of headwords in the story. Each title has an activation code for the DigiBooks app that accompanies it. The series can be used alongside any primary course.

Teaching Happiness in the Language Classroom

DESPINA MALLIDOU

Teaching Happiness in the Language Classroom aims to equip language teachers with specific tasks, the implementation of which will expose students to a rich educational experience. Students are encouraged to think more deeply with their minds and cultivate positive habits that will make them happier and more resilient people. The need for such material to be included in our teaching is even more in demand nowadays, due to the isolated learning environment many children experienced during the COVID pandemic. This book can be used as a reference since the tasks in this book can supplement any other educational material. Most of the tasks can be adapted to meet the linguistic needs of any level. It is up to you to decide when to use it and how often, according to your syllabus design.

The tasks should be done repeatedly, allowing your students to get used to the positive thinking. Don't forget that being positive is a habit!

My Edutainment World is a holistic approach to teaching the English alphabet and life skills to preschoolers. It provides a hands-on curriculum to teachers who teach English as a second language to children aged 4-6.

Pupils are exposed to the English language and the phonetic sounds of the alphabet through play and involvement in fun and creative activities in an informal and enjoyable way. In other words, children are subconsciously acquiring language through entertainment and engagement.

The activities have been specifically designed to focus on developing pupils socially, physically, intellectually, creatively and emotionally.
